THE EASTERLING

One of four named trains to run in East Anglia, The Easterling was an express passenger train that ran non-stop from London Liverpool Street, to Beccles, the only intermediate stop, where it divided for Yarmouth and Lowestoft. (the last three coaches were for the latter). Both sections then ran on non-stop to Yarmouth (South Town) & Lowestoft (Central). It was the only titled train to run on the East Suffolk line.
